**Libraries:** React, jQuery, Bootstrap UI, Materialize UI, Pug templating, Node.js, Sequelize, Mongoose, Express.js, Handlebars.js.

**Databases:** MySQL, MongoDB.

## Projects

### TableTop Tap

**Link to Github:** <https://github.com/BestBroBradley/project-two>

**Link to Deployed Project:** <https://sheltered-falls-54052.herokuapp.com/>

- The admin of the website allows CRUD operations to administer what is being displayed on the site. The app has two sides, Admin and Public.
- Created Back-end functionality which includes authentication, database (design and implementation) and testing API routes (Postman).
- Tools / languages used: Javascript, MySQL, HTML, CSS, Passport.js(local-strategy), express.js, sequelize, pug templating, Bulma UI.

### Burger

**Link to Github:** <https://github.com/monguis/burger>

**Link to Deployed Project:** <https://powerful-badlands-43542.herokuapp.com/>

- This app displays MySQL capabilities combined with back-end API responses.
- Design, Programming, and Deployment.
- Tools/languages used: Javascript, MySQL, express.js, Bootstrap UI.

# Experience

## **Software Developer, Owner**

2015

### **MoEs Solutions**

Jalisco Mexico

Designed and developed object-oriented software with administrative functions, built for fast food restaurants with a fast-growing potential.

#### *Key Accomplishments:*

- Reduced Restaurant operation cost by 13% on average thanks to the implemented software that I have written, due to better management of ingredients and portions.

## **Sales Associate**

2016– 2019

### **Micro Center**

Denver CO

Helped customers by listening to their problems to find the best solution for their needs with a vast inventory of technological products.

#### *Key Accomplishments:*

- Assigned as an AMD champion.
- As Champion, Micro Center Denver became the # 1 AMD selling store in the nation.

# Education

**Bootcamp Certificate:** University of Denver, Denver CO,

A 12-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Firebase, Node Js, MySQL, MongoDB, Express, Handlebars.js & ReactJS.

**Bachelors in Computer Engineering:** University of Guadalajara, Guadalajara México,

The University of Guadalajara specializes in forming individuals with analytical skills that allow them to develop professional skills and experience in the computational area, incorporating scientific and technological research techniques in the generation of knowledge, in a creative, safe, responsible and ethical way to solve problems of all kinds.
